a) *Gymnasien, Progymnasien, Realprogymnasien, Oberreal- and Realschulen, Oberlyzeen* as well as other institutions (*Pädagogien* etc.), except *Vorschulen*. We were unable to properly differentiate between private and public schools; the percentage of private schools was small, however (1911: 19.8%, 1921/22: 14.6%; 1938: 11%). Due to the smaller size of the private schools, the percentage of private school students was even lower (1938: 2.6%).

b) Based on the borders as of December 31, 1937.

c) Present population after the 1910 census.

d) Inhabitants after the 1925 and 1939 census.

e) Without the Saar region.
